GUIDANCE NOTES FOR EXHIBITORS

Getting started

Gather interested members together and form a 2023 Show Working Group.

Make sure you refer to the current edition of '**On With the Show' (OWTS)**. It can be downloaded from MY WI or request a copy via email from SFWI County Office. Hard copies can be bought from the WI Shop.

Read through the relevant pages before making any design or staging decisions.

Remember, all exhibits are removed for judging and then replaced, apart from Floral Art exhibits, which are judged in situ.

Design aspects

Plan out a timetable to give your team sufficient time to do research and discuss ideas. Nominate one or two people to be in charge of the staging. They will be your experts on Show day, setting your exhibits up in the best possible way as you have practised beforehand.

When you have your first discussions, research lots of ideas. Don't commit the team to any design decisions at the first meeting. Better ideas do come along as your research progresses.

Consider the staging in conjunction with your initial ideas. This will ensure colours will co-ordinate and the exhibits are in proportion to each other. Use substitute items to decide how your finished display might look. Vary the height of your exhibits and the placements front to back. Spend time getting it right.

Read the chapter entitled Interpretation & Staging in 'OWTS' for detailed advice and guidance.

Use accessories sparingly and only if they are pertinent to your display. Avoid miniaturisation.

Remember food should be covered when first put on the show bench, to ensure it is safe to eat when the judges start their work. It is uncovered for the judging process and for display on the days of the show.

Give your contributors plenty of time to make their exhibits. Have interim meetings to discuss work in progress. However, if you keep to your timetable, as you approach Show Day, the team will only have finishing touches to do. No-one should be tired or stressed!

Remember to send in your entry forms in good time. After the entry forms have been processed, each WI and each individual member entering the show will receive exhibiting information including Show Reference numbers, exhibit labels, judges' mark cards and contributors' cards for those who have entered any Co-operative classes.

Read 'On With The Show' (OWTS) and avoid the pitfalls

Staging

The staging and interpretation judge measures your exhibit. If it is over the stated size, you may lose the 20 marks allocated for staging straight away, ensure this doesn't happen by making your base smaller than the display space dimensions by 1cm all round. If the backboard height is "unlimited", keep it in proportion to the base. One and a half times the width of the base is a general guide.

Cookery

Cookery items are judged whole unless the schedule specifically asks for a slice or portion. For biscuits and confectionery read 'OWTS'. Cordials and preserves are not regarded as cookery items as they are judged under different criteria in 'OWTS'. Certain food items are perishable and should not be used. They are listed in OWTS. Do not use inedible items, metal wood or plastic etc. in cookery exhibits. Line your own cake tins. Commercial liners are not recommended.

Art and Photography

These are not usually considered craft items: this year you are allowed to enter an art exhibit or a photograph as the optional fifth item in Class 2. See 'OWTS' Art & Photography chapter, for helpful tips and an explanation of the marking scheme.

Floral Art

'OWTS' states that natural plant material includes fresh or dried plant material, accessories will be allowed. Ensure all foliage is within the display space dimensions. Check in 'OWTS' for information about cut ends of fresh plant material being in water or water retaining material. **No oasis to be used.**

Staging and dismantling

Setting Up

The Abbey will be open for staging on **Friday 15 September 2023** between 8.00am and 9.30am. We recommend limiting to two cars per WI if possible. Exhibitors **MUST** vacate the Abbey once their exhibits have been displayed and at the very latest 9.30 am to allow judging to take place.

Check in at the central registration point on arrival.

Your WI will be allocated a work station where you can place your belongings and prepare your exhibits. **Do not** encroach on neighbouring spaces when setting-up at the show bench. Aerosol sprays are not allowed in the Abbey.

Co-operative classes

Your WI will have been allocated a display space in each class entered. It will be clearly labelled with your WIs Show Reference number. Make sure each exhibit is labelled with your WIs Show Reference number. Enter your WI identifying number and details of items to be judged on the card/s provided and partly place under the base board of your exhibit. The Judges' Stewards should be able to remove the mark cards for judging. Remember to cover all food items before putting them on display.

Individual classes

Entries should be placed on the Show bench. There will be a label with your Individual Show Reference number to indicate where to place your item. Put the Judge's mark card under your plate so that it can be removed by the Judge's Steward.

As noted in this schedule, **Classes 7, 8, 9 and 10** will be judged beforehand, they will be taken to the Abbey and displayed for you. Results will not be made public until all the other classes have been judged. Ensure your exhibit reaches the WI County Office on or before **Monday 31 July 2023 at 1pm**.

Exhibits entered for **Class 6** should be placed on the show bench provided. A dome will be provided to cover your cake. Ensure the Judge's Mark Card is visible.

Dismantling

Exhibitors and WIs can remove their exhibits on **Saturday 16 September 2023** from 5.00 pm. A public pay and display car park is situated opposite the Abbey.
